To: Utilities Div - Mailbox

Subject: Utility Source, LLC

I would like to intervene for Docket NO. WS-04235A-06-0303.

The proposed water rate increase is extreme and would cause hardship on many residential households in the Bellemont, Arizona area.

The question I have also would the commercial properties using the same wells have an increase?

I would like to be a part of the petition to have the meeting moved to Bellemont area or Flagstaff from Phoenix. By having the meeting in Phoenix creates a hardship in time and travel for many interested residents who would like to intervene and be represented.

Thank You,
Lois and Bob Watson

RE: Utility Source LLC

Dear Ms. Watson:

Your e-mail regarding the Utility Source LLC ("US") rate case will be placed on file with the Docket Control Center of the Arizona Corporation Commission ("Commission") to be made part of the record. The Commission will consider your comments before a decision is rendered in the US application.

The concerns raised in letters received from customers will assist the Commission in the investigation and review of the rate application. The Commission's independent analysis of the utility and its rate request attempts to balance the interest of the utility and its customers.

Commission Staff is very sensitive to the burden that high utility rates can place on the consumer, and though constitutionally required to allow a fair return to the utility, does everything within its authority to protect the consumer.

The proposed rates for this case are located in the application and can be found on the Arizona Corporation Commission website.

Staff appreciates your comments and the interest taken on the proposed rate increase. If you should have any questions relating to this issue, please call me toll free at (800) 222-7000.

Sincerely,
Trish Meeter

Consumer Service Specialist
Utilities Division
